

Life Finds A Way: An Overview of the Nagoya Protocol from the U.S. Government

Contributed by aneely on Feb 13, 2020 - 07:42 PM

This is a unique opportunity for scientists to learn from a government official involved in international discussions about Nagoya, and an opportunity to communicate concerns and offers recommendations to the State Department.

AIBS is pleased to announce that on **February 27, 2020**, a representative from the U.S. Department of State will join them to provide an update on the Nagoya Protocol. The program, **Life Finds A Way: An Overview of the Nagoya Protocol from the U.S. Government**, **registration is required**. Information about the program is available at <https://www.aibs.org/events/webinar/nagoya-protocol.htm> at 10:00 AM EST. There will be a Q&A session at 11:00 AM EST. Time for questions and answers following the formal presentation.
